Good morning Nahal,

I left a voice message on your cell phone, and am following up by email as suggested. My name is Mary Giordano. I am the Assistant City Manager for Torrance. I would like to speak with you about Exxon Mobil and the article that was in the Daily Breeze today (see below). It has our City Manager, City Council and the community very concerned as to the status of Exxon Mobil. I would appreciate discussing it with you.

Thank you,

Mary Giordano
